Important additional information

- The Ping! Oxford All-Comers Summer Series is open to players of all standards and all ages from 11+ (under-11s at the discretion of the organisers)
- Play is in a group with players of a similar ability. Each player plays the others in their group, three games up to 11. Whoever gets the most points wins the group
- You can register in advance to reserve your place, but if you have not signed in before 7.00pm when groups are finalised, your place may go to someone else.
- You can register at the venue on the night, providing you arrive before 7.00pm and that there are still places available. The organisers will update availability on the event web page
- You must be a member of Table Tennis England to play in this series. If you are not already a member, take out free Associate membership to play in this competition only, or Player membership at £16 if you intend to play in other leagues or competitions.
- The organisers will place players in the appropriate group for their level of play, based on the information available (including previous results and/or league form).
- Groups will normally be of five players, with one or two smaller groups if needed. Groups are likely to change each week, depending on previous results and who else is present.
- Bats and balls provided, but bring your own bat if you prefer
- Avoid wearing white tops as this makes the ball hard to see, and wear appropriate shoes for exercise
- Group play is between 7.15pm and 9.15pm. To keep the competition fast-moving, play must be continuous - "knock up" time before each match is limited to 1 minute.
- Each player must take turns scoring games in their group. Inexperienced players can be helped and taught how to score if needed.
- League-standard players should follow normal service rules as far as possible. Service rules for social players will be more relaxed to accommodate inexperienced players, but we will help you to learn how to serve properly.
- The organisers reserve the right to change the format to accommodate the number of entries each week, to ensure all players get a good level of play and all play the same number of games
- The decision of the organisers is final on all matters. Any concerns should be taken up with the organisers on the night.
- The competition is run by the Oxford and District Table Tennis Association (ODTTA). An organiser with DBS clearance will be in overall charge on the night, and there will be at least one person present with up-to-date first aid training.
- The organisers aim to publish results online after each match evening.
